

STOP Unprecedented Evil

- Live Organ Harvesting of Falun Gong Practitioners

Transplant operation prices from a hospital website that witnesses say has been connected to a concentration camp

Petition to urge the U.S. government to publicly condemn the forced organ harvesting occurring in China. U.S. officials should tell their Chinese counterparts that live organ harvesting of Falun Gong practitioners and other persons of conscience must stop at once. Executing prisoners of conscience for the sale of their organs is murder and a crime against humanity.

U.S. State Dept. mentioned China's forced organ harvesting in their annual human rights report.

106 U.S. Congressional members requested the State Department to reveal information on organ harvesting
