RE: Letter of Recognition for Shen Yun Performing Arts

Dear Shen Yun Performing Arts and community,

I am pleased to welcome the Shen Yun Performing Arts' 20th Anniversary cultural event, hosted by the Falun Dafa Association of Washington, D.C. This event encapsulates 5,000 years of traditional Chinese cultural heritage through the performing arts.

As the State Senator for District 37, representing parts of Northern Virginia, it is my pleasure to recognize the impact of Shen Yun and the importance of performing arts in our community. Your worldwide performances have reached across 200 cities and five continents, spreading artistic excellence, original orchestral compositions, and vivid presentation of classical Chinese culture, including here in the Commonwealth. Their impact is vast, and I am honored to have had the opportunity to view this performance.

I congratulate the performers on the occasion of Shen Yun Performing Arts' 20th Anniversary for your commitment to promoting kindness, integrity, and mutual respect through your performances.

Sincerely,

A handwritten signature in black ink, appearing to read "Saddam Salim".
